

## M.A. courses – WiSe 20/21

The following courses are open for MA students in WiSe 20/21. Before applying for a course, please check if you fulfill the recommendations. Otherwise you need to participate in introductory or language courses to attend similar courses in coming semesters. Most courses are offered in German (if the title is in German). In this case you can ask the lecturer if it is possible to attend the class even if you only speak English (ask early enough!). Then they can prepare texts etc. in English so that you can also attend the class.
